PAYOYO PRESENT

PAYOYO 专注爬宠饲养设备，为爱好者、繁育从业者及专业机构提供系统化解决方案。

怀着对爬宠生命的崇高敬意，我们的研发以各物种野外微栖息地数据为依据——包含温湿度特征、光照周期与环境特质，并将这些自然参数转化为精密的工程化产品。

We design and build specialized reptile husbandry equipment, delivering complete solutions for hobbyists, commercial breeders, and professional care facilities.

Our R&D is rooted in respect for reptile life and wild microhabitat data — temperature, humidity, light cycles, and native environmental traits — all translated into carefully engineered products.
